COMMUNITY DAY - DECEMBER 11th.

Your Committee considers that the Society's participation in Caulfield Community Day was well worth the effort. We particularly thank Mr. E. Marcuse for his assistance and his contributions to the display.

Many people learnt of our existence and showed interest in our display.

The Mayor of Caulfield, on behalf of the Council, has thanked us for participating and for assisting on the Advisory Committee.

CAULFIELD CHURCHES.

Our November meeting on the subject of Caulfield Churches has enlarged the Society's files. We thank Trevor Hart, Peter Murray and Ralph Sims for their contributions. Also, all members who attended and those who sent written contributions. There is still much to be done to have a reasonable coverage of this subject and further contributions from members of information or material on any church in Caulfield will be welcomed.

INFORMATION REQUIRED.

In these days of big combines there are now no old time local bakeries in existence. We are seeking information on any bakery that existed in Caulfield at any time. Can you help?

DON'T FORGET THE ORATION AND THE VISIT TO THE TRAMWAYS MUSEUM !
