Chinese Market Gardens - From Coburg to Bentleigh

Wednesday 21 September 2022
7.15pm (for 7.30pm)

We invite you to a talk by Terry Young on the market gardens of Melbourne including some of the early Chinese market gardens in the Glen Eira area. Market gardens were a critical part of a vast green grocery business network supplying vegetables to Melbourne. Terry spent the first year of his life in a Coburg Market garden; his Chinese father and grandfather were both market gardeners.
